**The National Game
Insurance Scheme**

Delivered by The FA's appointed broker, Bluefin Sport

Introducing the National Game Insurance Scheme

We have worked in conjunction with The FA and County Football Associations to create a range of personal accident insurance products for adult and youth football teams.

What is the National Game Insurance Scheme (NGIS)?

In 2012 The FA carried out a review of insurance across grassroots football which highlighted a lack of guidelines, and prompted the introduction of minimum standards across all Counties.

The National Game Insurance Scheme (NGIS) has been designed to address this by raising the standard of insurance covers available and to provide more affordable solutions to grassroots football.

About Bluefin Sport

We are a national provider of insurance and risk management solutions to the world of sport and our approach has helped to make us one of the UK's leading sport insurance brokers.

With over 20 years experience, we are a specialist provider of football insurance in the UK with clients from grassroots through to the professional levels.

Our partnership with The FA

Testament to our success in football was our appointment by The FA as the approved insurance broker to deliver the NGIS.

Since our appointment, we now provide insurance solutions to tens of thousands of grassroots football clubs, players, leagues and match officials across the country.

“Working alongside Bluefin Sport, The FA hopes to significantly improve the insurance available to the national game”

Kelly Simmons,
Director of National Game and Women's Football

Award winning service

We were awarded the accolade 'Best Professional Service Business Serving Football' at the 2013 Football Business Awards. The awards are designed to celebrate excellence among businesses operating in the world of football and celebrates the essential role of business in sport.

We are one of only a few brokers which hold both an 'Outstanding' award by Investors in Customers (an independent survey of the quality of our customer service) and Chartered status, an exclusive title only awarded to firms which meet certain rigorous standards of professionalism and capability.

It signifies that we are serious in our pursuit of the highest standards.

Protection for your most valuable assets

Why have personal accident insurance?

If you become injured whilst participating in a club activity, you can incur significant financial losses as a result. Personal accident insurance can help offset some of these unexpected expenses. This insurance can pay out a set amount if someone is injured in an accident and the payout can be a lump sum or a weekly amount.

It ensures all participants have protection in the event of an injury and because this is a 'non negligence' cover it can help reduce litigation in the game, because unlike a liability policy you do not have to find someone to be at fault for an injury to receive compensation.

When does cover apply?

Although you can purchase insurance at any time, your cover will not start until the 1 July 2015 (or later if you apply after 1 July). All policies, whenever bought, will expire on 30 June of each given year and will renew annually. This is to fall in line with County FA affiliation processes.

NOTE: If you purchase your policy after 1 October 2015 your premium will be calculated on a pro rata basis to reflect the time on cover to the 30 June 2016. This will be calculated automatically online and return premiums are issued if applying by post.

The policies operates whilst:

- at any ground or premises worldwide (please see exclusions) where there is an agreed fixture or training and includes travelling directly to and from such activities.
- at club social events (please see exclusions).

The life cover is included and operative whilst training and playing football matches only.

Who is covered?

The policy automatically includes:

- players
- committee members
- managers
- trainers
- club officials.

The standard policy age limit for players is 55 and for club officials is 75 years of age. If you have any players and officials above this age the policy will provide a reduced level of cover. Please see our website or contact Bluefin Sport for details.

Life cover will commence at attainment of 6 years of age and will cease at attainment of 50 years of age.

What are the main exclusions?

- Influence of alcohol, solvents, drugs or medication unless prescribed.
- Being a professional footballer.
- Illness or sickness.
- Claims as a direct result of an insured person being a member of the armed forces.
- Engaging in a criminal act, riot or civil commotion.
- Club social events that include fireworks, bonfires, driving events, bouncy castles, water sports or any activity above 3 metres off the ground.
- Travel to a specific area against advice issued by the Foreign and Commonwealth Office.

Please see the policy for full details of exclusions.

Quality products demand a matching level of service

What's new for the 2015/16 season?

We pride ourselves in the ability to listen to our customers to ensure that our policies continue to meet the ever changing needs of grassroots football. Here's a brief summary of some of the enhancements we've made:

- Introduction of a new 'intermediate' level of cover for adult teams.
- Jaw now included in our broken bone definition.
- Inclusion of facial and bodily scarring and medical certification expenses (Superior levels only).
- Increase in permanent total disablement benefit amounts in our adult team Superior range
- Increase of broken bones and primary dislocation from £100 to £150 across our entire adult Superior range.

Your demands and needs

These products are designed to meet the demands and needs of football clubs that wish to protect their members against consequences of accidents whilst playing in, training for or travelling to a club fixture resulting in accidental; injury, death or disability.

The level of cover you choose will dictate whether cover includes a weekly benefit for temporary disability in addition to the one-off lump sums for permanent disability. The levels of cover are explained more fully in this document.

This statement does not constitute advice or a personal recommendation for our personal accident insurance products. Should you require advice please contact us.

Helping to spread the costs

We understand that the current economic climate provides many financial challenges for grassroots clubs and their members.

If you purchase your cover online, we can provide a competitive monthly instalment facility enabling you to spread the cost of your insurance over 5 months at 6% charge (Representative APR 11.5%. Minimum charge £10) for premiums of £100 and over. For example:

Superior 100 = £210.00 per team.

5 x payment of £44.52 a month per team, which includes the 6% charge of £12.60.

It's worth remembering that you can also choose to increase your cover at any time of the season.

Why choose us?

- We're **The FAs appointed broker** and provide the official National Game Insurance Scheme products.
- The FA and **over 30 County FAs support us.**
- **Ability to buy online** or apply by post.
- **No pre-existing condition exclusions** in respect of accidental bodily injury (with exception of dislocations).
- **No limit to number of players/club officials** in a team.

- **Legal and counselling advice helplines** included at no additional cost providing support when you need it most (Superior product only).
- **Monthly instalments available** for premiums of £100 and over. Online only over 5 months at 6% (Representative APR 11.5%. Minimum charge £10).

The importance of choosing a policy to meet your needs

Cover designed to suit your requirements and budget

We offer 'Basic', 'Intermediate' or 'Superior' policies. This means you have the ability to pick and choose the levels of benefits you need and can afford. **It is important for you to consult with the players and officials at your club to consider all the options.**

Special note: Steps 2 to 6 teams.

Standardised Rules apply to Steps 2 to 6 of the National League System. All clubs must be members of a players personal accident insurance scheme. (The policy cover shall be at least equal to the minimum recommended cover determined from time to time by The Football Association). For ease of reference we have set out in the table below.

Basic

Basic cover is our minimum benefit entry level policy to provide a cost effective solution for those operating on a low end budget. It does not include any weekly benefits. The cover provides:

- Cover for serious and long term injuries only.

It does happen!

A ball hit a young boy direct in the face causing a detached retina. The policy paid out £50,000 under the loss of sight benefit and the club paid just £26 for the insurance.

Intermediate

(Intermediate cover is available to Adult teams only)

Intermediate cover is our new adult team policy level to help bridge the gap between our Basic and Superior options. It still provides a solution for those on a lower budget. It does not include any weekly benefits. The cover provides:

- Cover for serious and long term injuries.
- Inclusion of some short term injury benefits such as broken bone, primary dislocation, emergency dental (pain relief) and hospitalisation.

Superior

Superior cover options are for those looking to increase benefit levels and tailor the cover to suit their needs. The cover provides:

- Cover for serious and long term injuries.
- A vast range of additional benefits covering both long term and short term injuries including broken bone, primary dislocation, emergency dental (pain relief), hospitalisation, medical certification expenses, student tutorial, coma benefit, emergency medical, extra travel expenses, home/car adaptation costs, rehabilitation and retraining costs, facial and bodily scarring, legal advice and counselling lines.
- Inclusion of a weekly benefit (option for adult team to choose between £30 to £150 per week).
- Ability to include a range of optional Superior Extra benefits.

Our most popular cover option.
